GEORGE A. MITCHELL COMPANY
“Tube End Forming Specialists”

**Axle Tube End Forming Machine
Mitchell Serial No. PP-643**

The above Axle End Forming Machine offers modern state-of-the-art capabilities to process straight wall and *variable wall* axle tubes for the truck and SUV automotive markets. Special die holders and clamping mechanisms offer extreme capabilities in maintaining accurate formed tube straightness.

The units we offer include *inverse mandrel draw* features to maintain I.D. accuracy as well.

For information on innovative cold forming techniques for your application, please contact us.
